Index to Volume 95

Subject index

Adrenalectomy
Subtotal adrenalectomy, 1075

Anatomy
Clinical, physiological and radiological assessment of rectovaginal septum reinforcement with mesh for complex rectocele, 1264

Aneurysm
A meta-analysis of 21 178 patients undergoing open or endovascular repair of abdominal aortic aneurysm, 677
Demonstrating safety through in-hospital mortality analysis following elective abdominal aortic aneurysm repair in England, 64
Effect of statins on proteolytic activity in the wall of abdominal aortic aneurysms, 333
Endovascular repair of ruptured abdominal aortic aneurysm, 133
Fenestrated endovascular repair for juxtarenal aortic aneurysm, 326
Modelling the long-term cost-effectiveness of endovascular or open repair for abdominal aortic aneurysm, 183
Outcome after abdominal aortic aneurysm repair in Sweden 1994–2005, 564
Outcome from abdominal aortic aneurysms in Scotand, 1991–2006, 1475
Polymorphisms of the matrix metalloproteinase 9 gene and abdominal aortic aneurysm, 1239
Radiation exposure during endovascular aneurysm repair, 699
Randomized clinical trial of the effect of methylprednisolone on renal function after major vascular surgery, 50
Risk of new aneurysms after surgery for popliteal artery aneurysm, 571
Wholly endovascular repair of thoracoabdominal aneurysm, 703

Angiogenesis
Antiangiogenic therapy and surgical practice, 281
Vascular endothelial growth factor is associated with histological instability of carotid plaques, 576

Anus
Botulinum toxin for recurrent anal fissure following lateral internal sphincterotomy, 774
Length of follow-up after fistulotomy and fistulectomy associated with endorectal advancement flap repair for fistula *in ano*, 484

Aorta
A meta-analysis of 21 178 patients undergoing open or endovascular repair of abdominal aortic aneurysm, 677
Demonstrating safety through in-hospital mortality analysis following elective abdominal aortic aneurysm repair in England, 64
Effect of statins on proteolytic activity in the wall of abdominal aortic aneurysms, 333
Endovascular repair of ruptured abdominal aortic aneurysm, 133
Fenestrated endovascular repair for juxtarenal aortic aneurysm, 326
Modelling the long-term cost-effectiveness of endovascular or open repair for abdominal aortic aneurysm, 183
Polymorphisms of the matrix metalloproteinase 9 gene and abdominal aortic aneurysm, 1239
Outcome after abdominal aortic aneurysm repair in Sweden 1994–2005, 564
Outcome from abdominal aortic aneurysms in Scotand, 1991–2006, 1475
Wholly endovascular repair of thoracoabdominal aneurysm, 703

Appendix
Changing trends in surgery for acute appendicitis, 363
Impact of body mass index and tobacco smoking on outcome after open appendicectomy, 751
Randomized clinical trial evaluating laparoscopic appendicectomy for chronic right lower-quadrant pain, 169

Artery
Endoluminal stents below the inguinal ligament, 1433
Improving the outcome of carotid endarterectomy, 1315
Nitric oxide synthase in critically ischaemic muscle and alterations in isoform expression during revascularization surgery, 72
Predictors of return to work following carotid endarterectomy, 1111
Vascular endothelial growth factor is associated with histological instability of carotid plaques, 576

Audit
Demonstrating safety through in-hospital mortality analysis following elective abdominal aortic aneurysm repair in England, 64

Bile duct
Characterization of time-related changes after experimental bile duct ligation, 646
Current management of bile duct injury, 403
Immunoglobulin G_4-related sclerosing cholangitis in patients resected for presumed malignant bile duct strictures, 727
Late morbidity after duodenum-preserving pancreatic head resection with bile duct reinsertion into the resection cavity, 447
Management of concomitant hepatic artery injury in patients with iatrogenic major bile duct injury after laparoscopic cholecystectomy, 460

Biopsy
False-negative sentinel lymph node biopsy, 1352
Meta-analysis of sentinel node biopsy in ductal carcinoma *in situ* of the breast, 547
Second thoughts on sentinel lymph node biopsy in node-negative breast cancer, 310

Copyright © 2008 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Blood
Experimental renal preservation by normothermic resuscitation perfusion with autologous blood, 111
Management of surgical patients receiving anticoagulation and antiplatelet agents, 1437
Survival benefit in a randomized clinical trial of faecal occult blood screening for colorectal cancer, 1029
The surgical application of point-of-care haemostasis and platelet function testing, 1317
Topical haemostatic agents, 1197

Bone
Prospective study of bone scintigraphy as a staging investigation for oesophageal carcinoma, 840

Breast
Use of enoxaparin results in more haemorrhagic complications after breast surgery than unfractionated heparin, 834

Breast – cancer
A model for predicting non-sentinel lymph node metastatic disease when the sentinel lymph node is positive, 302
Changing trends in the decision-making preferences of women with early breast cancer, 312
Development and validation of a model predictive of occult nipple involvement in women undergoing mastectomy, 1356
False-negative sentinel lymph node biopsy, 1352
Meta-analysis of sentinel node biopsy in ductal carcinoma *in situ* of the breast, 547
Oncoplastic surgery for breast cancer, 4
Prospective matched-pair comparison of outcome after treatment for lobular and ductal breast carcinoma, 827
Residual specimen cellularity after neoadjuvant chemotherapy for breast cancer, 433
Second thoughts on sentinel lymph node biopsy in node-negative breast cancer, 310
Study of quadrant high-dose intraoperative radiation therapy for early-stage breast cancer, 1105

Breast – reconstruction/plastics
Changing trends in the decision-making preferences of women with early breast cancer, 312
Oncoplastic surgery for breast cancer, 4

Carcinoma
Genetic susceptibility in pancreatic ductal adenocarcinoma, 22
Mismatch repair protein expression in Amsterdam II criteria-positive patients in Taiwan, 102
Prognostic significance of extracapsular lymph node involvement in patients with adenocarcinoma of the ampulla of Vater, 735
Prospective matched-pair comparison of outcome after treatment for lobular and ductal breast carcinoma, 827

Cirrhosis
Risk factors for complications after partial splenic embolization for liver cirrhosis, 744

Colon
Patient factors influencing conversion from laparoscopically assisted to open surgery for colorectal cancer, 199
Psychological and colonic factors in painful diverticulitis, 195

Colon – malignant
In vivo real-time confocal laser scanning endomicroscopic colonoscopy for the detection and characterization of colorectal neoplasia, 636

Colon – miscellaneous
Early results from a randomized clinical trial of colon J pouch *versus* transverse coloplasty after low anterior resection for rectal cancer, 1257
Ileal pouch–anal anastomosis and liver transplantation for ulcerative colitis complicated by primary sclerosing cholangitis, 882

Colon – surgery
Adipose-derived mesenchymal stem cells in biosutures do not improve healing of experimental colonic anastomoses, 1180
Postoperative medical complications are the main cause of early death after emergency surgery for colonic cancer, 1012

Colorectal
APC mutation spectrum in ileoanal pouch polyps resembles that of colorectal polyps, 765
Characterization of materials eliciting foreign body reaction in stapled human gastrointestinal anastomoses, 1044
Comparison of outcomes of ileal pouch–anal anastomosis for familial adenomatous polyposis with and without previous ileorectal anastomosis, 494
Detoxification enzyme polymorphisms are not involved in duodenal adenomatosis in familial adenomatous polyposis, 499
Female sexual dysfunction after ileal pouch–anal anastomosis, 887
Flexible sigmoidoscopy and whole colonic imaging in the diagnosis of cancer in patients with colorectal symptoms, 1140
Outcomes of colorectal anastomoses during pelvic exenteration for gynaecological malignancy, 770
Prospective randomized study of monopolar scissors, bipolar vessel sealer and ultrasonic shears in laparoscopic colorectal surgery, 1098
Randomized clinical trial of early *versus* delayed temporary stoma closure after proctectomy, 693
Reduced adhesion formation following laparoscopic *versus* open colorectal surgery, 909
Risk factors for development of desmoid tumours in familial adenomatous polyposis, 1136
Sacral nerve stimulation for faecal incontinence alters colorectal transport, 779

Colorectal cancer
Assessment of a patient consultation questionnaire-based scoring system for stratification of outpatient risk of colorectal cancer, 375
Clinical and non-clinical factors influencing postoperative health-related quality of life in patients with colorectal cancer, 1408
Cost analysis of biomarker testing for mismatch repair deficiency in node-positive colorectal cancer, 868
Epidemiology and prognosis of synchronous colorectal cancers, 1528
In vivo real-time confocal laser scanning endomicroscopic colonoscopy for the detection and characterization of colorectal neoplasia, 636

Published by John Wiley & Sons Ltd

Laparoscopic resection for colorectal cancer, 893
Local impact of the English arm of the UK Bowel Cancer Screening Pilot Study, 1172
Mismatch repair protein expression in Amsterdam II criteria-positive patients in Taiwan, 102
Stenting and colorectal cancer, 1195
Survival benefit in a randomized clinical trial of faecal occult blood screening for colorectal cancer, 1029
Validation of the Lower Gastrointestinal Electronic Referral Protocol, 506

Complication
Case–control comparison of laparoscopic and open washout for peritoneal dialysis-associated peritonitis, 1416
Characterization of materials eliciting foreign body reaction in stapled human gastrointestinal anastomoses, 1044
Complications and follow-up after pancreas-preserving total duodenectomy for duodenal polyps, 1506
Current management of bile duct injury, 403
Iatrogenic perforation of localized oesophageal cancer, 837
Late gastrointestinal disorders after rectal cancer surgery with and without preoperative radiation therapy, 206
Late morbidity after duodenum-preserving pancreatic head resection with bile duct reinsertion into the resection cavity, 447
Management of concomitant hepatic artery injury in patients with iatrogenic major bile duct injury after laparoscopic cholecystectomy, 460
Postoperative medical complications are the main cause of early death after emergency surgery for colonic cancer, 1012
Risk factors for transient vocal cord palsy after thyroidectomy, 961
Surgical treatment of oesophageal perforation, 805
Use of enoxaparin results in more haemorrhagic complications after breast surgery than unfractionated heparin, 834

Continence
Prospective study of colonic irrigation for treatment of defaecation disorders, 1273

Constipation
Prospective multicentre clinical trial of stapled transanal rectal resection for obstructive defaecation syndrome, 1521
Prospective study of colonic irrigation for treatment of defaecation disorders, 1273
Systematic review of randomized controlled trials of the effectiveness of biofeedback for pelvic floor dysfunction, 1079

Diagnosis
Artificial neural networks in pancreatic disease, 817
Assessment of a patient consultation questionnaire-based scoring system for stratification of outpatient risk of colorectal cancer, 375
Flexible sigmoidoscopy and whole colonic imaging in the diagnosis of cancer in patients with colorectal symptoms, 1140
Local impact of the English arm of the UK Bowel Cancer Screening Pilot Study, 1172
Magnetic resonance imaging and the acute abdomen, 1193
The Atlanta classification of acute pancreatitis revised, 6
Validation of the Lower Gastrointestinal Electronic Referral Protocol, 506

Diverticulum
Incidence of perforated diverticulitis and risk factors for death in a UK population, 876
Laparoscopic peritoneal lavage for generalized peritonitis due to perforated diverticulitis, 9
Psychological and colonic factors in painful diverticulitis, 195
Outcome of younger patients with acute diverticulitis, 758

Doppler
Transcranial Doppler ultrasonography-directed intravenous glycoprotein IIb/IIIa receptor antagonist therapy to control transient cerebral microemboli before and after carotid endarterectomy, 709

Duodenum
Complications and follow-up after pancreas-preserving total duodenectomy for duodenal polyps, 1506
Detoxification enzyme polymorphisms are not involved in duodenal adenomatosis in familial adenomatous polyposis, 499
Fast-track recovery programme after pancreatico-duodenectomy reduces delayed gastric emptying, 1387
Pancreas-preserving total duodenectomy *versus* standard pancreatoduodenectomy for patients with familial adenomatous polyposis and polyps in the duodenum, 1380

Elderly patients
Surgery in immunocompromised patients, 1

Emergency surgery
Endovascular repair of ruptured abdominal aortic aneurysm, 133
Postoperative medical complications are the main cause of early death after emergency surgery for colonic cancer, 1012
The impact of published recommendations of the management of penetrating abdominal injury, 515

Endocrine
Clinical outcome and long-term survival in 118 consecutive patients with neuroendocrine tumours of the pancreas, 627
Impact of preoperative thyroid ultrasonography on the surgical management of primary hyperparathyroidism, 957
Pancreatic insufficiency after different resections for benign tumours, 85
Subtotal adrenalectomy, 1075

Endoscopy
Endoscopic ultrasonography-detected low-volume ascites as a predictor of inoperability for oesophagogastric cancer, 1127
Local excision and endoscopic posterior mesorectal resection *versus* low anterior resection in T1 rectal cancer, 375
Quantitative and individualized assessment of the learning curve using LC-CUSUM, 925
Transanal endoscopic microsurgery is a safe and reliable technique even for complex rectal lesions, 915
Treatment strategy after non-curative endoscopic resection of early gastric cancer, 1495

Experimental
Adipose-derived mesenchymal stem cells in biosutures do not improve healing of experimental colonic anastomoses, 1180
Application of nitric oxide and carbon monoxide in a model of renal preservation, 1060

Published by John Wiley & Sons Ltd

Characterization of time-related changes after experimental bile duct ligation, 646
Experimental renal preservation by normothermic resuscitation perfusion with autologous blood, 111
Insulin-like growth factor I improves aspects of mycophenolate mofetil-impaired anastomotic healing in an experimental model, 793
Intestinal regeneration by a novel surgical procedure, 657
Leucocyte and platelet adhesion in different layers of the small bowel during experimental total warm ischaemia and reperfusion, 1294
Microbubble-enriched lavage fluid for treatment of experimental peritonitis, 522
Morphological aspects of surgical meshes as a risk factor for bacterial colonization, 1051
Nitric oxide reduces organ injury and enhances regeneration of reduced-size livers by increasing hepatic arterial flow, 785
Plasminogen activator, but not systemic antibiotic therapy, prevents abscess formation in an experimental model of secondary peritonitis, 1287
Remodelling of adipose tissue during experimental omental adhesion formation, 387
Rho-kinase signalling mediates endotoxin hypersensitivity after partial hepatectomy, 976
Sphingosine kinase 1 gene transfer reduces postoperative peritoneal adhesion in an experimental model, 252
Tryptophan metabolites in mesenteric lymph may contribute to pancreatitis-associated organ failure, 855

Faecal incontinence
A classification system for faecal incontinence based on anorectal investigations, 222
Clinical and cost effectiveness of sacral nerve stimulation for faecal incontinence, 1037
Economic evaluation of sacral nerve stimulation for faecal incontinence, 1155
Importance of extrasphincteric mechanisms in the pathophysiology of faecal incontinence in adults with a history of anorectal anomaly, 1394
Normalization of substance P levels in rectal mucosa of patients with faecal incontinence treated successfully by sacral nerve stimulation, 477
Prospective study of colonic irrigation for treatment of defaecation disorders, 1273
Sacral nerve stimulation for faecal incontinence alters colorectal transport, 779

Familial adenomatous polyposis
APC mutation spectrum in ileoanal pouch polyps resembles that of colorectal polyps, 765
Comparison of outcomes of ileal pouch–anal anastomosis for familial adenomatous polyposis with and without previous ileorectal anastomosis, 494
Detoxification enzyme polymorphisms are not involved in duodenal adenomatosis in familial adenomatous polyposis, 499
Pancreas-preserving total duodenectomy *versus* standard pancreatoduodenectomy for patients with familial adenomatous polyposis and polyps in the duodenum, 1380
Risk factors for development of desmoid tumours in familial adenomatous polyposis, 1136

Fissure
Botulinum toxin for recurrent anal fissure following lateral internal sphincterotomy, 774

Fistula
Health-related quality of life in patients treated for enterocutaneous fistula, 1280
Length of follow-up after fistulotomy and fistulectomy associated with endorectal advancement flap repair for fistula *in ano*, 484

Gallbladder
Computed tomography evaluation of regional lymph node metastases in patients with biliary cancer, 92
Defined indications for elective cholecystectomy for gallstone disease, 620
Management of acute gallbladder disease in England, 472
Management of concomitant hepatic artery injury in patients with iatrogenic major bile duct injury after laparoscopic cholecystectomy, 460
Meta-analysis of randomized controlled trials on the safety and effectiveness of day-case laparoscopic cholecystectomy, 161

Gallstones
Defined indications for elective cholecystectomy for gallstone disease, 620
Significant association of *ABCG5* 604Q and *ABCG8* D19H polymorphisms with gallstone disease, 1005

General
Antiangiogenic therapy and surgical practice, 281
Bariatric surgery for metabolic disorders, 1313
Caveats in the interpretation of the surgical literature, 541
Epigenetic regulation, 939
Evaluation of critical incidents in general surgery, 1420
Evidence-based perioperative care is lost in translation, 807
Improving quality of care by system change, 1435
Readability in the *British Journal of Surgery*, 119
Meta-analysis of intravenous lidocaine and postoperative recovery after abdominal surgery, 1331
Morphological aspects of surgical meshes as a risk factor for bacterial colonization, 1051
Perioperative beta-blockade in non-cardiac surgical patients, 1077
Quantitative and individualized assessment of the learning curve using LC-CUSUM, 925
Surgery in immunocompromised patients, 1
The surgical application of point-of-care haemostasis and platelet function testing, 1317
Topical haemostatic agents, 1197

Genetics
Assessment of publication bias for the surgeon scientist, 943
Epigenetic regulation, 939
Genetic susceptibility in pancreatic ductal adenocarcinoma, 22
Mismatch repair protein expression in Amsterdam II criteria-positive patients in Taiwan, 102
Polymorphisms of the matrix metalloproteinase 9 gene and abdominal aortic aneurysm, 1239
Significant association of *ABCG5* 604Q and *ABCG8* D19H polymorphisms with gallstone disease, 1005

Groin pain
Chronic pain after groin hernia repair, 135
Validation of an Inguinal Pain Questionnaire for assessment of chronic pain after groin hernia repair, 488

Haemorrhoids
Randomized clinical trial comparing day-care open haemorrhoidectomy under local *versus* general anaesthesia, 555
Randomized clinical trial of botulinum toxin injection for pain relief in patients with thrombosed external haemorrhoids, 1339
Randomized clinical trial of stapled haemorrhoidopexy performed under local perianal block *versus* general anaesthesia, 1344
Systematic review and meta-analysis of randomized controlled trials comparing stapled haemorrhoidopexy with conventional haemorrhoidectomy, 147

Healthcare economics
Clinical and cost effectiveness of sacral nerve stimulation for faecal incontinence, 1037
Cost analysis of biomarker testing for mismatch repair deficiency in node-positive colorectal cancer, 868
Cost-effectiveness of endarterectomy in patients with asymptomatic carotid artery stenosis, 73
Economic evaluation of sacral nerve stimulation for faecal incontinence, 1155
Improving quality of care by system change, 1435
Modelling the long-term cost-effectiveness of endovascular or open repair for abdominal aortic aneurysm, 183

Heart
Perioperative beta-blockade in non-cardiac surgical patients, 1077

Hepatocellular carcinoma
Aurora kinase B is a predictive factor for the aggressive recurrence of hepatocellular carcinoma after curative hepatectomy, 611
Central bisectionectomy for centrally located hepatocellular carcinoma, 990

Hernia
Chronic pain after groin hernia repair, 135
Human *in vivo* cellular response to a cross-linked acellular collagen implant, 438
Mesh for hernia repair, 539

Hernia – inguinal
Randomized clinical trial comparing a polypropylene with a poliglecaprone and polypropylene composite mesh for inguinal hernioplasty, 1462
Randomized clinical trial of groin hernia repair with titanium-coated lightweight mesh compared with standard polypropylene mesh, 1226
Validation of an Inguinal Pain Questionnaire for assessment of chronic pain after groin hernia repair, 488

Imaging
Algorithms for the surgical management of retrorectal tumours, 214
Comparison of multislice computed tomography and endoscopic ultrasonography with operative and histological findings in suspected pancreatic and periampullary malignancy, 1512
Computed tomography evaluation of regional lymph node metastases in patients with biliary cancer, 92
Flexible sigmoidoscopy and whole colonic imaging in the diagnosis of cancer in patients with colorectal symptoms, 1140
Imaging of deep vein thrombosis, 137
Impact of preoperative thyroid ultrasonography on the surgical management of primary hyperparathyroidism, 957
In vivo real-time confocal laser scanning endomicroscopic colonoscopy for the detection and characterization of colorectal neoplasia, 636
Magnetic resonance imaging and the acute abdomen, 1193
Prognostic significance of magnetic resonance imaging-detected extramural vascular invasion in rectal cancer, 229
Prospective study of bone scintigraphy as a staging investigation for oesophageal carcinoma, 840

Incontinence
A classification system for faecal incontinence based on anorectal investigations, 222
Clinical and cost effectiveness of sacral nerve stimulation for faecal incontinence, 1037
Economic evaluation of sacral nerve stimulation for faecal incontinence, 1155
Normalization of substance P levels in rectal mucosa of patients with faecal incontinence treated successfully by sacral nerve stimulation, 477
Prospective study of colonic irrigation for treatment of defaecation disorders, 1273
Sacral nerve stimulation for faecal incontinence alters colorectal transport, 779

Infection
Case–control comparison of laparoscopic and open washout for peritoneal dialysis-associated peritonitis, 1416
Impact of rapid molecular screening for meticillin-resistant *Staphylococcus aureus* in surgical wards, 381
Microbubble-enriched lavage fluid for treatment of experimental peritonitis, 522
Mode of splenectomy and immunogenicity of meningococcal vaccination in patients with hereditary spherocytosis, 466
Morphological aspects of surgical meshes as a risk factor for bacterial colonization, 1051
Plasminogen activator, but not systemic antibiotic therapy, prevents abscess formation in an experimental model of secondary peritonitis, 1287
Rho-kinase signalling mediates endotoxin hypersensitivity after partial hepatectomy, 976
Vaccination of asplenic or hyposplenic adults, 273

Ischaemia
Leucocyte and platelet adhesion in different layers of the small bowel during experimental total warm ischaemia and reperfusion, 1294
Nitric oxide synthase in critically ischaemic muscle and alterations in isoform expression during revascularization surgery, 72

Laparoscopy
Carbohydrate antigen 19·9 accurately selects patients for laparoscopic assessment to determine resectability of pancreatic malignancy, 453
Changing trends in surgery for acute appendicitis, 363
Laparoscopic peritoneal lavage for generalized peritonitis due to perforated diverticulitis, 97
Laparoscopic resection for colorectal cancer, 893
Long-term follow-up of proximal *versus* distal laparoscopic gastric bypass for morbid obesity, 1375
Long-term wound advantages of the laparoscopic approach in rectal cancer, 903
Meta-analysis of randomized controlled trials on the safety and effectiveness of day-case laparoscopic cholecystectomy, 161
Meta-analysis of the effect of warm humidified insufflation on pain after laparoscopy, 950
Patient factors influencing conversion from laparoscopically assisted to open surgery for colorectal cancer, 199
Peritoneal lavage cytology in patients with oesophagogastric adenocarcinoma, 721
Prospective randomized study of monopolar scissors, bipolar vessel sealer and ultrasonic shears in laparoscopic colorectal surgery, 1098
Randomized clinical trial evaluating laparoscopic appendicectomy for chronic right lower-quadrant pain, 169
Randomized clinical trial of laparoscopic (Nissen) *versus* posterior partial (Toupet) fundoplication for gastro-oesophageal reflux disease based on preoperative oesophageal manometry, 57
Reduced adhesion formation following laparoscopic *versus* open colorectal surgery, 909
Short-term outcomes following total minimally invasive oesophagectomy, 602
Systematic review of randomized controlled trials on the effectiveness of virtual reality training for laparoscopic surgery, 1088

Liver
Nitric oxide reduces organ injury and enhances regeneration of reduced-size livers by increasing hepatic arterial flow, 785
Risk factors for complications after partial splenic embolization for liver cirrhosis, 744

Liver – malignant
Aurora kinase B is a predictive factor for the aggressive recurrence of hepatocellular carcinoma after curative hepatectomy, 611
Central bisectionectomy for centrally located hepatocellular carcinoma, 990
Percutaneous radiofrequency ablation of liver cancer in the hepatic dome using the pleural fluid infusion technique, 996

Liver – surgery
Central bisectionectomy for centrally located hepatocellular carcinoma, 990
Initial experience with a multimodal enhanced recovery programme in patients undergoing liver resection, 969
Intermittent Pringle manoeuvre is not associated with adverse long-term prognosis after resection for colorectal liver metastases, 985
Quality of life after liver resection for hepatobiliary malignancies, 845
Rho-kinase signalling mediates endotoxin hypersensitivity after partial hepatectomy, 976
Systematic review and meta-analysis of the effect of portal triad clamping on outcome after hepatic resection, 424

Lung
Percutaneous radiofrequency ablation of liver cancer in the hepatic dome using the pleural fluid infusion technique, 996

Lymph node
A model for predicting non-sentinel lymph node metastatic disease when the sentinel lymph node is positive, 302
Computed tomography evaluation of regional lymph node metastases in patients with biliary cancer, 92
False-negative sentinel lymph node biopsy, 1352
Meta-analysis of sentinel node biopsy in ductal carcinoma *in situ* of the breast, 547
Prediction of lateral lymph node metastases in medullary thyroid cancer, 586
Second thoughts on sentinel lymph node biopsy in node-negative breast cancer, 310
The incidence of lateral pelvic side-wall involvement in low rectal cancer may be similar in Japan and the West, 33

Management
Algorithms for the surgical management of retrorectal tumours, 214
Current management of bile duct injury, 403
Management of acute gallbladder disease in England, 472
Management of early rectal cancer, 409
Management of surgical patients receiving anticoagulation and antiplatelet agents, 1437
Model for the reconfiguration of specialized vascular services, 1469
The impact of published recommendations on the management of penetrating abdominal injury, 515

Metastasis
Intermittent Pringle manoeuvre is not associated with adverse long-term prognosis after resection for colorectal liver metastases, 985
Prediction of lateral lymph node metastases in medullary thyroid cancer, 586

Nerve
Risk factors for transient vocal cord palsy after thyroidectomy, 961

Nutrition
Bariatric surgery for metabolic disorders, 1313
Probiotics in acute pancreatitis, 941

Oesophagus
Spontaneous rupture of the oesophagus, 1115
Surgical treatment of oesophageal perforation, 805

Oesophagus – cancer
Effect of neoadjuvant chemotherapy on circumferential margin positivity and its impact on prognosis in patients with resectable oesophageal cancer, 191

Copyright © 2008 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Endoscopic ultrasonography-detected low-volume ascites as a predictor of inoperability for oesophagogastric cancer, 1127
Health-related quality of life among patients with adenocarcinoma of the gastro-oesophageal junction treated by gastrectomy or oesophagectomy, 80
Iatrogenic perforation of localized oesophageal cancer, 837
Long-term health-related quality of life following surgery for oesophageal cancer, 1121
Peritoneal lavage cytology in patients with oesophagogastric adenocarcinoma, 721
Population-based study of surgical factors in relation to health-related quality of life after oesophageal cancer resection, 592
Prospective study of bone scintigraphy as a staging investigation for oesophageal carcinoma, 840
Risk factors for malnutrition after oesophageal and cardia cancer surgery, 1362
Spontaneous rupture of the oesophagus, 1115

Oesophagus – reflux
Predictors of symptomatic and objective outcomes after surgical reintervention for failed antireflux surgery, 1369
Randomized clinical trial of laparoscopic (Nissen) *versus* posterior partial (Toupet) fundoplication for gastro-oesophageal reflux disease based on preoperative oesophageal manometry, 57
Ten-year outcome of a prospective randomized clinical trial of laparoscopic Nissen *versus* anterior 180° partial fundoplication, 1501

Oesophagus – surgery
Influence of the route of gastric transposition on oxygen supply at cervical oesophagogastric anastomoses, 344
Long-term outcome and risk of oesophageal cancer after surgery for achalasia, 1488
Randomized clinical trial of laparoscopic (Nissen) *versus* posterior partial (Toupet) fundoplication for gastro-oesophageal reflux disease based on preoperative oesophageal manometry, 57
Short-term outcomes following total minimally invasive oesophagectomy, 602

Oncology
Chemoprevention of gastrointestinal cancer, 674
Delaying surgery after neoadjuvant chemoradiotherapy for rectal cancer may reduce postoperative morbidity without compromising prognosis, 1534
Follow-up schedules after treatment for malignant melanoma, 1401
Molecularly targeted therapy and cancer surgery, 537
Oncoplastic surgery for breast cancer, 4
Outcomes of colorectal anastomoses during pelvic exenteration for gynaecological malignancy, 770
Quality of life after liver resection for hepatobiliary malignancies, 845

Oral
Gland-preserving surgery for pleomorphic adenoma in the submandibular gland, 1252

Paediatric
Living related liver transplantation in children, 919

Pain
Chronic pain after groin hernia repair, 135
Meta-analysis of intravenous lidocaine and postoperative recovery after abdominal surgery, 1331
Meta-analysis of the effect of warm humidified insufflation on pain after laparoscopy, 950
Psychological and colonic factors in painful diverticulitis, 195
Randomized clinical trial comparing day-care open haemorrhoidectomy under local *versus* general anaesthesia, 555
Randomized clinical trial evaluating laparoscopic appendicectomy for chronic right lower-quadrant pain, 169
Randomized clinical trial of botulinum toxin injection for pain relief in patients with thrombosed external haemorrhoids, 1339
Randomized clinical trial of stapled haemorrhoidopexy performed under local perianal block *versus* general anaesthesia, 1344
Validation of an Inguinal Pain Questionnaire for assessment of chronic pain after groin hernia repair, 488

Pancreas
An optimal implantation site for pancreatic islet transplantation, 1449
Artificial neural networks in pancreatic disease, 817
Pancreatic insufficiency after different resections for benign tumours, 85
The Atlanta Classification of acute pancreatitis revised, 6

Pancreas – cancer
Carbohydrate antigen 19·9 accurately selects patients for laparoscopic assessment to determine resectability of pancreatic malignancy, 453
Clinical outcome and long-term survival in 118 consecutive patients with neuroendocrine tumours of the pancreas, 627
Comparison of multislice computed tomography and endoscopic ultrasonography with operative and histological findings in suspected pancreatic and periampullary malignancy, 1512
Genetic susceptibility in pancreatic ductal adenocarcinoma, 22

Pancreas – surgery
Effect of hospital volume on outcome of pancreaticoduodenectomy in Italy, 357
Fast-track recovery programme after pancreatico-duodenectomy reduces delayed gastric emptying, 1387
Late morbidity after duodenum-preserving pancreatic head resection with bile duct reinsertion into the resection cavity, 447
Pancreatic insufficiency after different resections for benign tumours, 85

Pancreatitis
Long-term follow-up of a randomized clinical trial comparing Beger with pylorus-preserving Whipple procedure for chronic pancreatitis, 350
Probiotics in acute pancreatitis, 941
The Atlanta Classification of acute pancreatitis revised, 6
Tryptophan metabolites in mesenteric lymph may contribute to pancreatitis-associated organ failure, 855

Peritoneal pseudomyxoma: results of a systematic policy of complete cytoreductive surgery and hyperthermic intraperitoneal chemotherapy, 1164
Plasminogen activator, but not systemic antibiotic therapy, prevents abscess formation in an experimental model of secondary peritonitis, 1287
Sphingosine kinase 1 gene transfer reduces postoperative peritoneal adhesion in an experimental model, 252

Prognosis
A model for predicting non-sentinel lymph node metastatic disease when the sentinel lymph node is positive, 302
Artificial neural networks in pancreatic disease, 817
Effect of neoadjuvant chemotherapy on circumferential margin positivity and its impact on prognosis in patients with resectable oesophageal cancer, 191
Epidemiology and prognosis of synchronous colorectal cancers, 1528
Epidemiology, risk and prognostic factors in mesenteric venous thrombosis, 1245
Prognostic significance of extracapsular lymph node involvement in patients with adenocarcinoma of the ampulla of Vater, 735
Prognostic significance of magnetic resonance imaging-detected extramural vascular invasion in rectal cancer, 229

Pylorus
Outcome of pylorus-preserving gastrectomy for early gastric cancer, 1131

Quality of life
Clinical and non-clinical factors influencing postoperative health-related quality of life in patients with colorectal cancer, 1408
Female sexual dysfunction after ileal pouch–anal anastomosis, 887
Health-related quality of life among patients with adenocarcinoma of the gastro-oesophageal junction treated by gastrectomy or oesophagectomy, 80
Health-related quality of life in patients treated for enterocutaneous fistula, 1280
Long-term health-related quality of life following surgery for oesophageal cancer, 1121
Population-based study of surgical factors in relation to health-related quality of life after oesophageal cancer resection, 592
Quality of life after liver resection for hepatobiliary malignancies, 845

Rectum
Normalization of substance P levels in rectal mucosa of patients with faecal incontinence treated successfully by sacral nerve stimulation, 477

Rectum – cancer
Delaying surgery after neoadjuvant chemoradiotherapy for rectal cancer may reduce postoperative morbidity without compromising prognosis, 1534
Early results from a randomized clinical trial of colon J pouch *versus* transverse coloplasty after low anterior resection for rectal cancer, 1257
Late gastrointestinal disorders after rectal cancer surgery with and without preoperative radiation therapy, 206
Local excision and endoscopic posterior mesorectal resection *versus* low anterior resection in T1 rectal cancer, 375
Long-term wound advantages of the laparoscopic approach in rectal cancer, 903
Management of early rectal cancer, 409
Organ preservation in rectal cancer, 269
Prognostic significance of magnetic resonance imaging-detected extramural vascular invasion in rectal cancer, 229
The incidence of lateral pelvic side-wall involvement in low rectal cancer may be similar in Japan and the West, 33
Urinary dysfunction after rectal cancer treatment is mainly caused by surgery, 1020

Rectum – surgery
Clinical, physiological and radiological assessment of rectovaginal septum reinforcement with mesh for complex rectocele, 1264
Long-term wound advantages of the laparoscopic approach in rectal cancer, 903
Prospective multicentre clinical trial of stapled transanal rectal resection for obstructive defaecation syndrome, 1521
Sites of surgical waisting in the abdominoperineal specimen, 1147
Transanal endoscopic microsurgery is a safe and reliable technique even for complex rectal lesions, 915

Recurrence
Aurora kinase B is a predictive factor for the aggressive recurrence of hepatocellular carcinoma after curative hepatectomy, 611
Botulinum toxin for recurrent anal fissure following lateral internal sphincterotomy, 774
Impact of the smallest surgical margin on local control in soft tissue sarcoma, 237

Renal
Application of nitric oxide and carbon monoxide in a model of renal preservation, 1060
Randomized clinical trial of the effect of methylprednisolone on renal function after major vascular surgery, 50
